PROFESSIONAL SUMMARY

Results-driven Full-Stack Developer and AI integration specialist with hands-on experience delivering scalable web and mobile applications for real-world clients across multiple domains. Currently pursuing a BS in Software Engineering at COMSATS University Islamabad (CGPA 3.52). Proficient from UI/UX design and REST API architecture through to cloud deployment, with a strong focus on clean code, measurable business outcomes, and long-term client partnerships. Trusted by startups and independent businesses worldwide to ship quality software on time.

EXPERIENCE

Freelance Software Developer · Independent / **Self-Employed** · Remote — Pakistan 2023 – Present

Stack: React · Next.js · Node.js · Laravel · Flutter · Python · OpenAI · MySQL · MongoDB · Firebase · Docker · Vercel

-
- Designed, developed, and deployed 9+ full-stack web and mobile applications for clients spanning IT education, sports management, healthcare, and media — each delivered end-to-end from wireframes to production.
 - **Academy — Splotsystems:** Built a live IT training platform (academy.splotsystems.com) with complete user management, course enrollment, real-time progress tracking, and an admin dashboard, currently serving active learners.
 - **Library Management System** Engineered a handling real-time book inventory, member accounts, and borrowing workflows, deployed to production on Vercel.
 - **Pixel Resize Pro,** Developed a professional image-processing web app delivering lossless resizing results, achieving clean UX across all device sizes.
 - Integrated OpenAI APIs and custom prompt-engineering pipelines into client applications to automate workflows and reduce manual effort.
 - Containerised applications using Docker and automated deployments via Vercel and Hostinger CI/CD, cutting release time significantly.
 - Managed databases across SQL (MySQL, SQLite), NoSQL (MongoDB), and BaaS platforms (Supabase, Firebase) depending on project requirements.
 - Maintained high client satisfaction through proactive communication, on-time delivery, and post-launch support across all engagements.

Software Engineering Student — Project Lead · **COMSATS University Islamabad** · Islamabad, Pakistan 2023 – Present

Stack: Flutter · Dart · React · Node.js · SQLite · C++ · Python

- Led development of a Sport Management System — a real-time dashboard tracking equipment availability, issued items, and active student records, deployed publicly (sport-managment-systems.vercel.app).
- Built Dr. Assistant, a Flutter-based medical guidance mobile application, from design to deployment.
- Developed a Student Evaluation System using React + Node.js for managing academic assessments and attendance across multiple cohorts.
- Consistently applying Data Structures, Algorithms, and OOP principles in academic and personal projects, achieving a CGPA of 3.52.

FEATURED PROJECTS

Academy — Splotsystems [Live Demo](#)

React · Node.js · MySQL · Express.js

Full-featured IT career training platform delivering practical, job-ready skills to learners. Architected and built the complete

frontend and backend: user authentication, course enrollment system, real-time progress tracking, payment workflows, and a multi-role admin dashboard. Deployed to production and actively serving students.

Library Management System [Live Demo](#)

[React](#) · [Node.js](#) · [MongoDB](#) · [Express.js](#)

Comprehensive full-stack web application for managing library books, members, and borrowing workflows. Features real-time inventory tracking, overdue alerts, member account management, and a clean librarian dashboard — built for operational efficiency and deployed on Vercel.

Pixel Resize Pro [Live Demo](#) | [Source Code](#)

[React](#) · [Node.js](#) · [Express.js](#)

Professional-grade image resizing web tool delivering precise, lossless output in a single click. Built with a clean, fully responsive UI that eliminates technical complexity for non-technical users — processing images client-side for speed and privacy. Live on Vercel.

Sport Management System [Live Demo](#)

[React](#) · [Node.js](#) · [Vercel](#)

Real-time dashboard for tracking sports equipment availability, issued items, and active student participation. Designed for university sports departments, featuring instant inventory updates and a role-based interface for administrators and students.

Additional projects (Wallpaper Hub, Task Manager, ZX Player, Dr. Assistant, Student Evaluation System): [atif-portfolio-nine.vercel.app](#)

TECHNICAL SKILLS

Frontend: HTML5 · CSS3 · JavaScript (ES6+) · React.js · Next.js · Angular · Bootstrap (2year Experience)

Backend: Node.js · PHP · Laravel · Java · Express.js(1 year Experience)

AI & Automation: Python · OpenAI API · Prompt Engineering · Workflow Automation · Cursor · Copilot · Claude Code

Mobile: Flutter · Dart · Firebase · SQLite(1 year Experience)

Databases: MySQL · MongoDB · Supabase · Firebase · Redis · SQL (2 year Experience)

DevOps & Cloud: Docker · Git · GitHub · Vercel · Namecheap · Hostinger · CI/CD(1 year Experience)

Design & UX: Figma · UI Systems · Product UX · Wireframes · Design Systems (1 year Experience)

APIs & Tools: REST APIs · Postman · SonarQube · Jira · Agile / Scrum(half year Experience)

EDUCATION

BS Software Engineering

2023 – Present

COMSATS University Islamabad CGPA: 3.52 · Expected Spring 2026 · Ongoing

F.Sc. Pre-Medical

2019 – 2021

Aspire College, Mailsi Marks: 962 / 1100 · Completed

Matriculation — Science

2017 – 2019

Rehan Public Boys High School Marks: 1013 / 1100 · Completed

RELEVANT COURSEWORK

- | | |
|--------------------------------|-----------------------------------|
| - Data Structures & Algorithms | - Object-Oriented Programming |
| - Operating Systems | - Software Engineering Principles |
| - Database Management Systems | - Web Technologies & Development |

KEY COMPETENCIES

- | | | |
|----------------------------------|------------------------------|-------------------------------------|
| ✓ Full-Stack Web Development | ✓ AI & API Integration | ✓ Mobile App Development |
| ✓ REST API Design & Architecture | ✓ UI/UX Design & Prototyping | ✓ Database Design & Optimisation |
| ✓ Cloud Deployment & DevOps | ✓ Agile Project Delivery | ✓ Client Communication & Consulting |

PERSONAL PROFILE

Full Name: Atif Ayyoub

Date of Birth: 19 December 2004

Nationality: Pakistani

Location: Pakistan (Open to remote globally)

Languages: English · Urdu · Punjabi

Availability: Immediately available for freelance & remote roles
